

FOOD ADMINISTRATOR
HAS HIS TROUBLES

People Having Same Name Causes
Sherman Miles Unnecessary Grief

Sherman Miles, food administrator for Columbia county recently was placed in an embarrassing position on account of two people having identically the same name. Eliza Jane Cole, when in St. Helens with the Seventh Day Adventists, bought her allowance of sugar. When the Adventists went to Rainier, of course Eliza Jane Cole, being one of the party, went with them. A few days after Miss Cole reached Rainier, a sugar permit came in from Eliza Jane Cole as having been one of the lucky ones who secured sugar in Rainier. Now Sherman Miles is something of a sleuth and when going over the sugar permit cards he noticed that said and aforementioned Eliza Jane Cole had bought sugar at both Rainier and St. Helens and said sleuth, Sherman Miles began to investigate. His investigation ended abruptly when one Eliza Jane Cole, who lives in Rainier appeared and showed conclusively that she was not the Eliza Jane Cole who bought sugar in St. Helens. Last mentioned Eliza Jane Cole also showed to the entire satisfaction of Mr. Miles that she was not the first mentioned Eliza Jane Cole, but that she had the same name and was not barred from obtaining her two pounds of sugar. Mr. Miles succeeded in squaring himself, using such diplomacy that would make William Jennings Bryan, Robert Lansing or Oswald West feel like novices at the diplomatic game. As a diplomat and a food administrator, Sherman is there with the goods.

NEW SCHOOLHOUSE
FOR COLUMBIA CITY

The Columbia City school district has bought from the S. A. Miles estate Block 18 in Columbia City for schoolhouse purposes. This block is situated between the Caples place and the Maxwell home and on the west side of the county road. It is understood that the Sommarstrom people will take over the present schoolhouse when a new one is built. The enrollment at Columbia City has increased 100 per cent and the present quarters are inadequate to care for the scholars now enrolled.

How to Ration Sugar

Just how many teaspoonfuls in a pound of sugar? If the spoon is just level full 96 to the pound. If you are trying to limit table consumption to one pound a month, you could use three of these skimpy teaspoonful each day. The rounded spoonful runs about 48 to the pound or one and a half daily. The heaping teaspoonful averages about 32 to the pound. That would be one a day. If you are heaping the spoon more than once a day you are using some other fellow's sugar.
